Dear Residents,

I am pleased to report that we do not have any new cases of COVID-19 on the campus. We are also able to bring two more staff members back to work who have recovered, and we have one more Skilled Nursing resident who has now recovered. However, my difficult news today is that one of our skilled nursing residents who had been improving, is now experiencing severe symptoms. Please keep this resident and their family in your thoughts.

Our current numbers as of today are:
